

## ARTHUR LUTLEY TAKES TO HIMSELF A BRIDE

Well Known Local Man Is  
Married to Viola M. Dryden  
at Douglas.

Mrs. Viola M. Dryden, of Fredonia, Kan., and Arthur Lutley, of Bisbee, were married at 6 o'clock Wednesday night in the parlor of the Gadsden Hotel in Douglas, in the presence of ten relatives and friends. The ceremony was performed by the Rev. Fry, of Bisbee. Mrs. Dryden has spent the last two winters in Bisbee, and it was on her first visit that she became acquainted with Mr. Lutley, who is the proprietor of a blacksmith shop and garage on Naco Road. The two decided that it would be a good plan for Mrs. Dryden to spend every winter and also every summer in Bisbee, and so she came direct from Fredonia, stepped off the train at Douglas Wednesday morning and was met by Lutley, who was armed with a beaming smile and a marriage license.

Guests at the Gadsden were entirely unaware that a marriage had been arranged until the ceremony was performed. Mr. and Mrs. Lutley were

tendered a wedding supper in the dining room at the Gadsden following their marriage. The couple arrived in Bisbee yesterday afternoon.

## SAYS AMERICANS MUST JOIN NEXT BIG WAR

(Continued From Page 1)

saying "nothing in particular started it, but everything in general." Speaking at a dinner of the City Club here tonight, President Wilson declared that "it is the business of every public servant to act in the spirit of the people whom he serves."

He spoke of the difficulty of finding how the people are thinking. Praising Abraham Lincoln, he said the men who have started at the bottom and worked upwards "make America rich."

Class Barriers Must Go.

"The real task is a task of interpretive sympathy," he said. "What we have got to do for America is to remove the misunderstandings between classes. America was created for that purpose and if it fails it will have failed in its mission. America was created for the ordinary man and I do not know but that we could all qualify under that classification. The only extraordinary men I have ever

known were extraordinarily cheerful in their own estimation. I have found more political philosophy in poems than in the writings of systematic authors on government."

## LEGALISTAS NAME RIVERA GOVERNOR OF SONORA STATE

(By Review Leased Wire.)

EL PASO, Oct. 26.—Santiago F. Rivera has been declared provisional governor of the state of Sonora by the Legalistas leaders, a report received here by government agents from Tucson, Arizona, states.

Rivera is said to have issued a proclamation announcing his intentions, copies of which have been received here. His appointment is said to have come from Felix Diaz.

VILLISTAS CHASED INTO EL PASO

EL PASO, Oct. 26.—Three unarmed Mexicans, chased by bullets from their side of the border, splashed through the Rio Grande today to the protection of an outpost of Company G, Fifth Ohio Infantry, stationed several miles north of El Paso.

## WHAT THE SURVEY OF THE PUBLIC SCHOOL MEANS

Data to Be Collected and  
Given to the United States  
Bureau of Education.

In connection with the recent visit here of W. S. Deffenbaugh, who was here recently making an inspection and survey of the schools in the Warren District, it might be well for the enlightenment of the citizens of the Warren District and especially those interested in the work to know a little more concerning its object and what it means.

The study of the schools of the state is now being made by seven experts, which study will include the elementary and secondary schools of the cities and rural communities, state normals, and the University. The purpose will not be to find fault, but to find the facts as they are, to interpret them, to report them fairly and make constructive suggestions. The aim of the bureau will be to suggest improvements in the general administrative school system of the state as a whole, and no individual criticism of any nature will be offered. The most of the work will be done under the direction of A. C. Muernan, specialist in rural school administration. He will be assisted by Dr. J. C. Monahan, specialist in rural school education. Mrs. Katherine Cook, assistant in rural education, and W. S. Deffenbaugh, specialist in city school education. Next month W. H. Fought will spend a week at each of the two state normal schools, making a study of the work, and Dr. S. P. Capen, specialist in higher education, will make the survey of the University. Dr. Dressler, specialist in school building, is inspecting the buildings in the larger towns and cities.

When the survey is completed a report will be issued under the personal direction of Dr. P. P. Claxton, United States Commissioner of Education. The members of the bureau staff taking part in the survey are all persons of wide experience. Mr. Monahan has been with the bureau six years and has had previous to that twelve years' experience in rural, city and college work in Massachusetts. Dr. Muernan, after teaching experience, was a school superintendent in Idaho for twelve years and superintendent of one of the largest divisions of the Philippines for an additional twelve years. Dr. Muernan had charge of surveys such as Wyoming, Nebraska, Colorado and many county surveys.

He has been with the bureau four years. Mrs. Cook had been a rural and city teacher, as well as a county superintendent. For a period she was State Superintendent of Public Instruction in Colorado and came to the bureau from the principalship of a county normal in Nevada. Mr. Deffenbaugh was a teacher and city superintendent in western Pennsylvania for fifteen years. He had an active part in the Ogden and Webster Grove school surveys. Mr. Fought has had twenty years' experience in education six years of which was at the Kirkville Normal School in Missouri at the head of the faculty on pedagogy and of the division of rural education. He has been with the bureau four years.

The United States Bureau of Education will be glad to receive suggestions relative to the improvement of the educational system in the state from anyone in the state. All communications should be addressed to Mr. A. C. Monahan, care of the State Department of Education, Phoenix, Arizona.

## ONCE A QUEEN; NOW SHE SCRUBS FLOORS

Ex-Queen Natalie as she looks today.

Once queen of Serbia and considered one of the most beautiful women in Europe, this woman at fifty-seven is scrubbing floors in a war hospital in France. She has given all her property to the poor and expects to die a drudge.

# Cottolene

"The Natural Shortening"

Nut-brown, tender croquettes

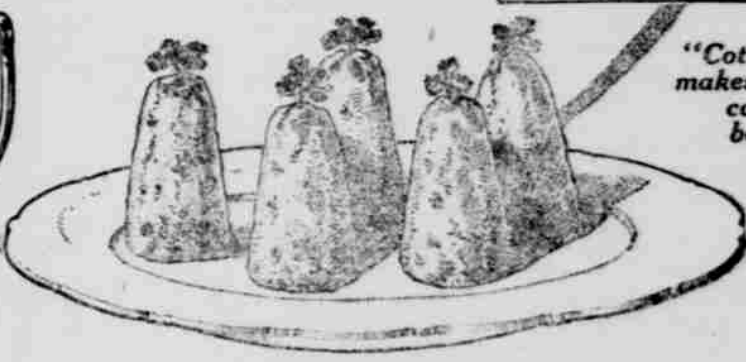

When Cottolene is used you are certain of croquettes with a tender, nut-brown crust and all the inside goodness produced by perfect deep-frying.

Cottolene is not absorbed by foods fried in it, but keeps their good taste and quality intact for your enjoyment. Try our tested croquette recipe.

Cottolene is a pure food product; whether used for shortening or for frying it makes the food more nutritious and wholesome—better in every way.

THE H. K. FAIRBANK COMPANY

"Cottolene makes good cooking better"

### Croquettes

Chop five or six kind of cooked meat or fish. If short of material, add mashed potatoes, or rice, to beef, chicken or fish, and add soft bread crumbs or rice. Moisten light meats with thick white sauce, equal amount of 1 1/2 cups meat with 1/2 cup sauce, or brown sauce, made quite thick. Season with salt and pepper and onion juice if liked. When very cold, shape the mixture into balls or cylinders, roll first in sifted bread crumbs, then batter egg diluted with one tablespoon milk, then crumbs again. Fry one minute in deep Cottolene, hot enough to brown a bit of bread while you count forty. Use a basket, and drain only four at a time. Drain on paper, and be sure that the fat is hot for each frying. Serve plain, or with sauce like that in the picture, only thinner.

# Arizona's Greatest Gold Strike

JEROME NEWS  
OCT. 6 TH.

What experts from the worlds  
greatest copper camps say about  
the Glory Hole Bonanza

"one of the  
Greatest Gold  
Mines on Earth"

## THE GLORY HOLE

1 Makes everyone who sees it, "bubble over with enthusiasm," just the same as these two Jerome mining men, who visited the property in my absence and looked it over and formed their own opinion of it.

2 THE GLORY HOLE may not be the biggest gold mine on earth—but it is going to make some of the big ones look to their laurels when it is developed more. Glory Hole high grade is not half copper but HALF GOLD, worth over \$100 a pound just as dug from the ground. Our main big ledge, which we are just starting to develop, is over One Hundred Feet wide in places, the Mother Lode of the district—and hardly scratched yet.

3 The Glory Hole Bonanza Mines Company has bought and paid for the Glory Hole and now OWNS IT ALL PAID FOR. The total capitalization of the Company is ONLY \$150,000—and almost half the stock is in the treasury yet. We are working day and night opening up this famous property. We have just struck the ore right up in the main big ledge. Everything looks as if we had one of the big gold mines of the West and were about to open up some bodies of bonanza ore in the main big ledge when our tunnels cut into it underneath where we have struck it on the surface.

4 Consolidated Virginia went from 17c a share to over Six Hundred Dollars a share when they struck their Bonanza Ore Bodies. Glory Hole may do as well if we get the ore bodies we are on the track of, which engineers, geologists, mining men, miners and others say WE WILL. Time and work will tell. IF YOU NEVER TAKE A CHANCE YOU NEVER HAVE ANY CHANCE TO WIN and if you buy 1,000 shares of Glory Hole today at 15c a share while you can, and we break into big high grade ore bodies and the stock goes to even \$10 a share, your \$150 invested today WILL MAKE YOU \$10,000. If the stock goes to \$100 a share \$150 invested today will make you \$100,000. STRANGER THINGS HAVE HAPPENED. They may happen again.

5 A small allotment of stock is now being offered at 15c a share, full paid and non-assessable. This block will soon be oversubscribed and the price will then be raised to 25c or more a share. If you want to take a good clean legitimate chance in a famous mining property where you can get in on the ground floor and the investment of a small amount now may mean a fortune for you.

## SEE GLORY HOLE AND SOME OTHERS

JEROMITES HIGHLY IMPRESSED  
WITH MINES OUT ALONG  
THE A. & C.

Bubbling over with enthusiasm, J. W. Hudgins and Harry Crain returned a few days ago from an auto trip into the Wenden and Salome country. Both are firmly convinced of several things. They believe that the Harqua Hala and Glory Hole are two of the biggest gold mines on earth, also that a mining boom which will make the present activity pale into insignificance will soon start along the A. & C.

At the Glory Hole Crain and Hudgins panned a number of samples from the workings and also from the big 100-foot ledge which is such a prominent feature of the landscape. They were allowed to take their samples anywhere, and not one of their pans failed to show colors. Dick Wick Hall, who is in charge at the Glory Hole, lets anybody carry off all the samples he wants for panning or assaying. By pursuing this method he has proven to hundreds of people that his own assertions regarding the present showing at the Glory Hole are not exaggerated but are extremely conservative.

## Buy Glory Hole at 15c

Send for illustrated folder showing scene of new strike, wire reservation for number of shares you want or mail remittance. The price may be advanced any day now as we are working day and night following the ore channel from the famous Glory Hole pit right up into

the main big ledge and are apt to open up high grade any found of holes—and when we do you will pay dollars instead of cents to get Glory Hole stock.

IT ONLY COSTS YOU TWO CENTS TO FIND OUT MORE ABOUT IT.

YOURS, ON THE BONANZA ORE TRAIL AND MINING IN THE GROUND,

## MAHAN AND POWERS ANNOUNCE LEASE ON NEW EAGLES THEATRE

Charlie Mahan Returns From  
El Paso Where He has Been  
Buying Equipment for New  
House to Be Started Here.

According to Charlie Mahan, who returned yesterday morning from El Paso, he, in company with J. P. (Pat) Powers, has secured a lease on the new Eagles theatre, which occupies the lower floor of the lodge's building, now in course of construction, and will, about December 1, open for the public a first class motion picture theatre.

The theatre will be called "The Eagle" and will be furnished in the

## "Only 'Gets-It' for Me After This!"

It "Gets" Every Corn Every Time.  
Painless. Nothing More Simple.

"I'll tell you what, I've quit using toe-eating salves for corns, I've quit making a package out of my toes

When You See These Pretty Girls in Your  
Dressmaker's Window It's a Good Time  
To End Your Corns.

with bandages and contraptions—quit digging with knives and scalars. Give me "GETS-IT" every time! That's what they all say the very first time they use "GETS-IT." It's because "GETS-IT" is so simple and easy to use—put it on in a few seconds—because there is no work or corn-fooling to do, no pain that shoots up to your heart. It gets your corns off your mind. All the time it's working—and then, that little old corn peels right off, leaves the clean, corn-free skin underneath—and your corn is gone! No wonder millions prefer "GETS-IT." Try it tonight.

"GETS-IT" is sold and recommended by druggists everywhere, 25c a bottle, or sent on receipt of price by Lawrence & Co., Chicago, Ill.

Sold in Bisbee and recommended as the world's best corn remedy by Phelps, Dodge Mercantile Co.

## Vitolox

This word means LIFE and strength. Use it and you will know that the name is just right.

VITOLox purifies the blood, corrects disorders of the stomach, improves the appetite, tones up the kidneys and a sure shot for rheumatism. Get a bottle at any drug store, \$1.00 or 6 for \$5.00.

latest and best equipment obtainable. Mahan declared yesterday that he had contracted for one of the best operating rooms in the southwest while he was in El Paso, and is now on the lookout for the best film service obtainable. He promises to open the house with a monster feature.

Charles Mahan will be in personal charge of the theatre. According to his statement the first consideration of the management will be the comfort of the patrons. A special orchestra will be installed and good music will be the endeavor from the start.

## "CASTE" TONIGHT

This evening the senior class of the local high school will present Robertson's famous comedy, "Caste." The proceeds will be for the benefit of the athletic association which is self-supporting.

The young people of the cast have worked hard to make the production of this very difficult play, the best which the high school has ever given. An enjoyable evening is promised to those who appreciate a really good play. The play is full of action and interest. Its sentimental story, its strongly drawn characters and its dramatic

possibilities made it a favorite play of the latter part of the past century. It is a splendid example of the development from melodrama to the modern problem-play. The play will always remain a model of its kind. It is terse, well constructed, full of movement and human interest.

The production will be given at the high school gymnasium. Doors open at seven-thirty; curtain at eight-fifteen. Tickets are fifty cents and may be reserved at Ball's Drug Store or secured at the door.

The cast of players is as follows:  
George D'Alroy ..... Tom Wallace  
Capt. Hawtree ..... Douglas Campbell  
Eccles ..... Russell Thomas  
Sam Gerridge ..... Alfred Truscott  
Marquise de St. Maur .....  
Corona Michaels  
Esther Eccles ..... Anna Davis  
Polly Eccles ..... Blanche Werner  
George D'Alroy, Jr. ....  
Leona Louise Lehman
